## ICEM 2020

*19<sup>th</sup> International Conference on Experimental Mechanics*

<https://icem19.org/>

*5 - 9.07.2020, Kraków, Poland*

**On behalf of the Organizing Committee and the EuraSEM we have a great pleasure to cordially invite the eminent scientists as well as young researchers and students to attend the ICEM19 in Kraków**

International Conferences on Experimental Mechanics have a long tradition (1959 Delft, 1962 Paris, 1966 Berlin, 1970 Cambridge, 1974 Udine, 1978 Munich, 1982 Haifa, 1986 Amsterdam, 1990 Copenhagen, 1994 Lisbon, 1998 Oxford, 2004 Bari, 2007 Aleksandroupolis, 2010 Poitiers, 2012 Porto, 2014 Cambridge, 2016 Rhodes, 2018 Brussels). The Conferences are organizing under the auspices of the European Society for Experimental Mechanics (EuraSEM).

ICEM brings together internationally recognized experts and young researchers in an effort to exchange ideas in different topics having the common link „Experimental Mechanics“. ICEM acts also as a platform for establishing connections between different research teams that are trying to build and develop future scientific collaboration.

ICEM19, the 19th International Conference on Experimental Mechanics will be held on July 5-9, 2020 in Kraków, for the first time in Poland. The Conference will be focused on experimental and measuring techniques for thorough study of the mechanical properties of different materials, engineering structures and systems which are necessary to create the physical bases and provide verification of analytical or numerical methods in engineering design.
